

NEWS GATHERED FROM SOUTHSIDE

Case of Policeman Watts Comes Up This Afternoon.

DOCTORS SEE MRS. SMITH

Drs. Gordon and Ingram Held Consultation Over Prisoner. Officers Elected.

Manchester Bureau, Times-Dispatch. No. 1102 Hill Street. This afternoon, at 3 o'clock, the case of Policeman P. T. Watts will come up in Oak Grove Court before Judge Robertson, of Chester; Fuqua, of Swansboro, and Cheatham, of Oak Grove. The charge on which Watts will have his preliminary hearing is that of killing a negro, who was a fugitive from the law, while the latter was attempting to escape arrest. Judge Gregory will represent the Commonwealth, and Attorney Wells will defend the accused.

Mr. Wells thinks that the case will be a clear one for the accused, and that there will be little difficulty in proving that he did not exceed his authority in attempting to arrest the negro, and thereby shooting him.

Doctors See Mrs. Smith. Yesterday morning at 11 o'clock, Dr. W. S. Gordon and Dr. Lawrence Ingram called at the city jail to see Mrs. Smith. This is the outcome of the request of counsel for Mrs. Smith to have a private physician see her, and Judge Clifton's polite, but firm refusal.

Dr. Ingram is the jail physician of Manchester, and Dr. Gordon holds a like position in Richmond.

Lily Council Officers.

At the last meeting of Lily Council, No. 2, Daughters of Liberty, J. D. Reams, past counselor, installed officers as follows: Counselor, Miss Minnie Curry; Associate Counselor, Miss Lottie Flournoy; Vice-Counselor, Mr. Stanley Hague; Associate Vice-Counselor, Mr. Hawks; Guide, Miss Mattie Browder; Inside Sentinel, Mrs. Minerva Kelley; Outside Sentinel, Mrs. Susan Andrews; Junior ex-Counselor, R. L. Sharp; Junior ex-Vice-Associate Counselor, Miss Lillie Laws; Recording Secretary, Mrs. Julia Blanton; Assistant Recording Secretary, Mrs. Sallie Hubbard; Treasurer, Mrs. L. E. Crockett; Trustees, G. W. Reams and O. J. Andrews.

New Pumps and Boiler.

New pumps and a boiler are being installed in the pump-house of the Manchester Water Works by L. L. Lindsay, of Richmond.

The pump-house is located at the foot of the hill on which the large water tower stands.

Personals and Briefs.

Miss Alma Savory, of Fourteenth and McDouglough Streets, will leave this morning to make an extensive visit to Ohio and Kentucky.

Stockton Street and Oak Grove Baptist Churches will run a combined excursion to West Point on July 20th.

The Sunday schools of Meade Memorial and Bainbridge Street Churches will run their excursion to West Point to-day.

Jim Franklin, Willie Lowry and George Tallafiero were arrested last night on a charge of being drunk and disorderly. They were recognized and appear in the Mayor's court this morning.

Mr. W. R. Brown, of Philadelphia, Pa., is visiting Mrs. Ernest Weisger, at Drewry's Bluff.

Mr. A. B. Crockett and wife, of Newport News, are visiting friends and relatives in Manchester.

MAY ALTERNATE.

City Treasurer and Commissioner May Swap Offices.

A pretty little story found the rounds of the local politicians is to the effect that at the expiration of their present terms, Commissioner of the Revenue O. A. Hawkins may run for city treasurer, and the treasurer, C. H. Phillips, may run for the office of commissioner.

Neither can stand for his present office before the people again unless one term shall intervene. This is a provision of the new constitution. Mr. Hawkins has one chance left, and that is that the Legislature may at the coming session so amend the law as to permit the circuit judges to appoint the commissioner. This event there will be no limit to his lease, so long as he may be appointed by the court. There is nothing to prohibit the men from running for the offices now held by each other, and they are both strong and popular with their constituents.

PRETTY MARRIAGE.

Miss Pearl Hinnant Becomes the Bride of Mr. R. M. Andrews.

Miss Pearl Hinnant, daughter of Mrs. M. B. Hinnant, of No. 206 West Fourteenth Street, Manchester, and Mr. Robert M. Andrews, of Richmond, were married last night at the home of the bride, the Rev. J. A. Spencer, of Danville, officiating.

The bride was attended by her sister, Miss Lillie V. Hinnant, and Miss Edna Toney. The ceremony was performed at nine o'clock, and the couple left in a motor car for Danville. They will spend several days. After August 10th, Mr. and Mrs. Andrews will be at home at No. 206 East Grace Street.

Mrs. Andrews is the youngest daughter of Mrs. Hinnant, of Manchester, and is a social favorite in the city. Mr. Andrews is connected with the Butler and Andrews Tobacco Company, of Richmond, and is well and popularly known.

The bride was gowned in white crepe de chine, and carried Bride roses. Her sister, Miss Lillie Hinnant, and Miss Edna Toney were dressed in cream-colored crepe de chine over white tulle.

The parlors were profusely decorated for the occasion, palms and evergreens being in evidence at every place.

Mr. D. B. Jolly, of New York, formerly of Richmond, was best man to the groom.

ABUSED WOMAN.

Negro Driver Was Insolent and Was Promptly Arrested.

Arthur Thomas, a negro hack driver, will appear before Justice Crutchefield this morning and answer the charge of being disorderly on the street and abusing two white women.

As Officer Wiley was on his way home yesterday afternoon he heard a loud voice and went to a carriage that was standing in the street near Marshall and Sixth. As the officer approached the carriage he saw the driver open the door and heard two women in the vilest language abuse the two women. At sight of the policeman the negro attempted to drive away, but was checked and yanked from his seat and placed in the Second District Police Station.

Personals and Briefs.

Mrs. J. M. Gill entertained Mr. and Mrs. Brown and Captain Crammer, of New York, last week.

The Land-a-Hand Circle of King's Daughters will hold their regular monthly meeting at Grace Chapel this afternoon.

Miss Laura Coble and Misses Jennie and May Sumner, of North Twenty-ninth Street, left last week for the mountains of North Carolina.

Mr. Andrew Gries, accompanied by his sons, George and Edward Gries, and granddaughter, Annie, have returned to their home in Baltimore, after a brief visit to her sister, Mrs. Fred. Comell.

Mrs. Julia Holloway, of No. 2306 Venable Street, who was hurt last Sunday afternoon, is no better, and is still under the care of Dr. Hillman and Bowen.

WILL FIGHT AGAIN OVER ANNEXATION

Compromise Measure to Come From Committee, and May Go Through.

Following the proceedings in the Council on the subject Tuesday night, there was something of a revival of annexation talk among those interested yesterday, but the forces had not gotten fairly down to work on either side, and nothing tangible can be done until the Ordinance Committee meets to consider the Cannon ordinance.

It is not generally believed that those favoring the Mills ordinance can ever muster enough votes to adopt the measure over the Mayor's veto, but there are those who are strongly of opinion that a compromise will be the outcome.

It looks as if Messrs. Cannon and Pollock have "forced the hand" of those training with Mr. Mills, for it was manifestly the purpose of the latter to leave the subject indefinitely upon the table, with the view of preventing any annexation, certainly for a long time.

Mr. Cannon, who is a member of the Ordinance Committee, will call up his measure at the next meeting, and the ground having been so fully gone over heretofore, it is likely that a report will be prepared in time for the next regular meeting of the Council.

One of the advocates of the Mills measure, who is a member of the Board, made the following proposition to a councilman on the other side Tuesday night:

"You help us to pass our measure over

the Mayor's veto, and then we will amend it so as to satisfy you when it comes to the Board."

But the councilman refused. He says, however, that this, to his mind, disclosed a weakness which the Mills people have not heretofore been willing to admit.

PHYSICIAN SHOT.

Residence Burned After He Had Left for This City.

Dr. Lynn Vaughan, of Independence, Grayson county, Va., who had the misfortune Tuesday last to be shot accidentally by a boy named Willis Wright, was brought to the Memorial Hospital yesterday morning at 8:30, and was operated upon by Dr. Charles Robins.

Dr. Vaughan's wound was in the abdomen. The ball was located by x-rays. Dr. Vaughan is now resting easily and is on the road to convalescence.

That misfortune was born a twin was verified by news received yesterday that Dr. Vaughan's residence was burned Tuesday morning.

Playing to Large Houses.

The Casino is this week presenting a bill which is one of the most diversified in the history of the local playhouses, and at the same time it is one of the most attractive and pleasing. Arthur Lane and the scientific feats are very interesting; the Vaude are marvelous, and the last number—Saxia and Company—in electric dances, introduces new and pleasing features.

Business is large this week, but the attraction is one that merits liberal patronage.

General Manager Wells is in New York, Manager McKee is to leave the city to-day for a brief rest, and Blair Meanley is holding down the lid for the present. The bill to be presented next week is a secret, Mr. Meanley contenting himself with saying that it will be one that will entertain the public.

Mr. Meanley will devote his best energies to filling managerial roles, while "others" are away. The new bill will be announced to-morrow.

SWANSON RETURNS.

Apparently Much Pleased With Reception in Southwest Virginia.

Congressman Claude A. Swanson returned to the city yesterday from southwest Virginia, where he has been on a campaigning tour. Mr. Swanson expressed himself as greatly pleased with his reception in the southwest, and added, that as a matter of fact he had been received everywhere by large audiences, and to all appearances thoroughly friendly ones. He will make no estimates of the results of the August primary, nor will he venture into the realm of prophecy, but it is apparent that he is eminently satisfied with the result.

Mr. Swanson will spend a day or two here looking after his correspondence, which has grown heavier than ever, and will endeavor to start up a bit. On Saturday he expects to go to Amelia Court-house to attend the unveiling of the Confederate monument there. Further than this Mr. Swanson stated that he had not definitely outlined his movements yet.

Richmonders Wed To-day.

With a marriage license, obtained yesterday in Washington, D. C., Mr. William P. Stewart, a brick layer of this city, residing at No. 208 Q Street, will to-day wed Miss Carrie L. Chapman, of No. 315 North Twenty-fourth Street.

The couple will reside in Richmond.

Handsome Clock Stolen.

Joseph Vallerio, of No. 1135 East Main Street, reported to the police yesterday that a thief had stolen a handsome clock from his home. The clock was stolen two days ago, when no one was at home.

VIOLENT STORM SWEEPS CITY

The Rain Fell in Sheets and Many Trees Are Broken.

VALUABLE WINDOW SHIVERED

Plate Glass in New Mutual Building Total Loss—Three Feet of Water.

The storm of wind and rain that descended upon this city and section about 3:30 o'clock yesterday afternoon was one of unusual violence, but so far as can be gathered no great damage was done in this vicinity. The wind came from the south-southeast, and blew a gale for fifteen or twenty minutes. The trees were swayed and swirled with a violence that threatened to uproot them, and in many cases limbs and branches were swept to the ground. This was true especially of Capitol Square, where, by reason of the topography, the wind had a fair sweep at the trees on the terraces.

The coming of the wind was followed soon afterwards by a rain which came down in considerable volume for some minutes; then gradually decreased. The wind sent gusts of dust sweeping into open windows and littered the floors of business houses facing toward the direction of the blow.

The most serious piece of damage resulting from the wind, so far as could be ascertained, was the smashing of a large plate glass window in the front of the banking house soon to be occupied by the Provident Savings and Trust Company, in the big Mutual Assurance Society building, at the southeast corner of Ninth and Main Streets. The window was swinging open at right angles to the street line, when the wind struck it fairly, and slammed the window together with such force as to shatter the glass to fragments, creating quite a commotion in the vicinity, where for some moments it was not known what had happened. The glass was a large and expensive one. A new glass was put in later in the day. Had the window been closed no damage would have occurred.

Three Feet of Water.

The rainfall appears to have been heavier in the westward of the city than in the city itself, in the hollow, where the Westhampton car track passes under the belt line, the rush of waters from the slope approaching the depression was such as to flood the track with three feet of water, thereby blocking trolley traffic for some time. Cars 182 and 183 had to stand until the water subsided sufficiently to enable them to cross. Passengers to and from Westhampton were transferred from one car to the other after a brief wait.

The storm came up so unexpectedly and so threateningly that there was a rush to shelter. A violent thunderstorm was anticipated, but it turned out to be a wind cloud instead. Many were caught out by the rainfall which followed, and had to wait the passing of the shower.

In other sections of the State even heavier rainfall is reported, notably in the southwest. The storm here appears to have been a local one, the railway and telegraph lines all reporting that no damage was done to their lines or wires and no interruption to traffic or to communication caused thereby. Very few trees in the city were blown down or seriously damaged, and the telephone service was materially affected by the wind.

Getting Better Milk.

As a result of the industry of the new food inspector, Richmond is getting a purer article of milk than before the department was created. The following table is compiled from the report of the food inspector, and is a report was the result of an analysis made from samples of milk taken from seven dairies:

No.	Fats.	Solids.	Total.
No. 1	3.3	8.91	12.21
No. 2	3.2	9.02	12.24
No. 3	3.8	10.02	13.82
No. 4	4. .	8.82	12.82
No. 5	2.8	8.61	11.41
No. 6	3.5	8.91	12.41
No. 7	6.4	8.91	15.31

Small Negroes Arrested.

Two small negro boys were arrested last night upon a warrant charging them with throwing rocks at a residence. Neither of the delinquents was large enough to be locked up, and they were recognized to appear in court this morning.

Mr. Phillips Better.

City Treasurer Charles H. Phillips, was at his office in the City Hall yesterday, his health now being much improved. His friends are gratified that he is getting along so well.

SURE TO SON.

Boy Can Sometimes Learn From His Father.

When you catch them young enough you can usually make your sons profit by your own experience.

Afterwards, it's different. A lady tells how her son was made to profit by what his father had learned. "My husband was always fond of coffee, and after his business took him frequently into a German community, he drank it more, with the result that his kidneys became affected, and he suffered greatly with pains and despondency, till, one day, he said, 'coffee nearly killed me.' So he stopped using it and began to drink Postum Coffee. It cured him, and in a very short time his kidneys resumed their normal functions, his pains were allayed, and the despondency which had nearly driven him crazy ceased to trouble him. 'My little boy,' a year old, had suffered ever since he was weaned from stomach and bowel troubles. He could not properly digest the milk he drank. It passed out of his bowels in hard lumps, sometimes large and again like small pellets, frequently producing diarrhoea, and then we would have to call in a doctor. But the trouble returned, again and again. 'We used to give him a taste of Postum Coffee occasionally, and as I saw that he relished it, and realized how much good it had done his father, I began to put a little in his bottle of milk. The effect was so salutary that I gradually increased the quantity, till at last I used only enough milk to give it color. He thrived wonderfully on it. He is over two years old now, and his digestion is all right. Postum has made him uncommonly large and strong and healthy. I give him a bit of Postum Coffee every day. Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in each pkg.
